

# Winter Wonderland Adventure

We have put together an international challenge badge to promote winter activities from around the world. We hope by doing this we can promote the international side of guiding for all sections. The money raised will go to support girls planning to do international trips in the future within the counties of Wiltshire North and South.

We have set up a closed Facebook page where you can share how you completed the different activities in the challenge pack.

To complete the badge please visit each WAGGGS region in the pack and do two activities from each and two additional activities from the section with extra activities/international opportunities.

Have fun!

440g Plain flour  
150g sugar  
0.5 tsp Salt  
0.25 tsp baking powder  
1 tsp grated nutmeg  
1 tsp grated lime zest  
4 tbsp of butter

2. Add the butter to the flour and mix well until the butter is incorporated well with the flour.
3. Add milk and egg into the mixture. Keep mixing until you have formed a sticky dough ball

5. Divide dough in half. On a floured board roll each half about 1/6 inches thick. Make shapes as desired.
6. Add oil (about 3 inches deep) to a heated skillet/saucepan over medium heat and bring it to 375 degrees.

(Serves 6)

## Pakora

**Diwali** - is an Indian festival that happens in winter, when traditionally sweets are eaten. This recipe will show you how to make Pakora

### Ingredients

- 1 green chilli, chopped
- Thumb-sized piece ginger, roughly chopped
- 1 tomato, roughly chopped
- 200g gram flour
- 1 ½ tsp chilli powder
- 1 ½ tsp garam masala
- 1 ½ tsp ground coriander
- 2 medium potatoes, peeled, halved and thinly sliced, then halved into quarter moons
- ½ aubergine, thinly sliced, then halved into quarter moons
- ½ cauliflower, cut into florets
- 1 large onion, finely sliced
- ½ lemon, juiced
- Vegetable oil, for frying
- Chutney, to serve

### Method

1. Heat oven to 120C/100C fan/ gas 1/2. Make a paste by blitzing the chilli, ginger and tomato together, then set aside.
2. Mix the gram flour with the spices. Add all the prepared vegetables and toss in the mix. Slowly add 150ml water until the batter coats the vegetables - they should be well coated, but not swimming in it.
3. Add the tomato mixture and get your hands in there, mixing well until everything is incorporated. Add a little lemon juice and seasoning.
4. Heat the oil to 180C. Take a handful of the mix and squeeze it into a loose little ball, to ensure the vegetables stick to each other when lowered in the oil. Use a spoon to carefully drop the ball into the oil.
5. Fry for about 4 mins until golden and crispy, then taste to test for seasoning and consistency. You may also need to add a little water or gram to the mixture at this point if your tester ball didn't hold together. Repeat, frying the remaining mixture in batches.
6. Drain on kitchen paper and keep warm in the oven as you go. Serve immediately with chutney.

### Corners

Play Arabic 'corners', by giving each corner of the room a common phrase:

“marhaba” (hello)

“shukraan” (thank you)

“raja” (please)

“wadaeean” (goodbye).

Top Tip: Use Google Translate to listen to the correct pronunciation of each word if you're unsure.

### Turtle Drive

There are turtle nesting sites in Eastern Oman, home to lots of endangered species of turtle.

6 - Body

3 - Back legs (x2)

5 - Head

2 - Tail

4 - Front legs (x2)

1 - Eyes (x2)

### Statues

Play group statues Oman style. Everyone moves around the room and the leader blows a whistle and shouts (for example) “In groups of three, make a camel”. Each time you blow the whistle choose a number of groups and then something to make a statue of.

Ideas: camel, palm tree, turtle, whale, boat, sand cat etc

## Nepal - Game

**Kabaddi** is a game from Nepal.

Kabaddi can be played anywhere outdoors: in your yard, in a field, on the playground. All you need are 2 teams of people (preferably each with at least 3 players), and rope or chalk dividing the playing field into 2 separate territories. The teams line up about 20 feet back from the centre line, on their corresponding sides. Teams take turns between offence and defence.

A player from one team stands near the centre line. To begin the game, this player runs into the opposing territory and tries to tag one of his opponents. While doing this, the player must keep yelling “*kabaddi-kabaddi-kabaddi-kabaddi-kabaddi-kabaddi*” the entire time she is on the opponent’s territory, without taking a breath, until she makes it back to her side. Everyone she touches is out.

The opponents can try to capture that player and prevent her from getting back to her side. If she does not make it back to her original side before she runs out of breath (i.e. if she stops saying *kabaddi-kabaddi-kabaddi*) then she will be out.

## WAGGS Europe Region

### Germany

#### **Make a German Christmas House**

##### You need:

1. *Nice cookies (3 per house)*
2. *A box of Icing sugar*
3. *Lemon or lime juice*
4. *Gummy bears 2 per house*
5. *M&M, sprinkles, chocolate chips or anything else you can think of to decorate the Nice (Hexen) House*

##### How to make it

1. Mix the icing sugar & lemon/ lime juice in a bowl, so you get a thick sugar paste.
2. Fill the icing sugar paste in a Ziploc bag and cut a small hole in one of the corners (very small tip).
3. Take the Nice biscuits and break them apart on the line.
4. Take the Ziploc bag with the sugar mix and the graham crackers and “glue” two sides on one bottom like a triangle. The icing sugar paste is your glue.
5. Add your gummy bears (Hansel & Gretel), glue them down with the icing sugar paste.
6. Decorate your house with more sugar paste to make it look like snow frosting, add M&Ms or any other kind of decorations (gluing it all down with the sugar paste) ...
7. Well done you have finished your German house.

### Europe

2. Secure the string at the back with tape.
3. Wind the coloured string/wool around the card and secure the end.
4. If you have another colour of wool, wind it round to make the tinsel.

## Scandinavia

### **No Sew Sock Gonk**

#### **You need:**

1. Sock for body
2. Faux fur for beards
3. Felt for hats
4. Wooden ball / coloured pom pom/ modelling clay for nose
5. Rice to fill body: 1-3 cups per gnome
6. Hot glue gun & a rubber band
7. Ideally a craft knife for cutting fur but being careful with scissors is an option!

#### **Make the body**

1. Cut the sock across at the heel and use the toe end section to make your gonk.
2. The easiest way to fill the sock bodies is to add 2 cups of rice to the glass, stretch the sock over the top of your glass, then turn it upside down. No spills!
3. Secure the top of the sock with a rubber band at the desired height.

#### **Make the beard**

4. Measure your desired size. You can choose to create a template from paper or not.
5. Flip the faux fur onto the back (fur side down and make sure it brushes in the direction you want). Draw the desired shape in pencil on the back of the fur. If you like the beard to cover the full body, measure the width of your gnome body made in step one and cut the widest part of an upside-down triangle to that size.
6. Carefully cut only the backing with scissors or a craft knife to ensure the fur fibres remain intact on the front.
7. Glue the gnome beard onto the sock body about an inch under the rubber band (get an adult to help with the glue gun).
8. Glue the nose a little bit down from the top in the beard (moving the fur out the way first to hide it a bit).

#### **Make the hat**

9. To make the template for the hat, measure in 17cm in either direction from the corner of a sheet of A4 paper and use a dinner plate to join the dots in a curve. Cut the shape out as your template. Depending on the size of your sock / gonk it may need adjusting so try in paper first. Once happy, cut the hat template from felt. Roll the hat and pin it in place while you apply hot glue along the seam. Get a parent to help and be careful! Apply a dot of glue onto your gonk at the back to secure the hat.

A winter festival Jewish people celebrate is called Hanukkah, it is celebrated for eight days during November or December. Special candles are lit, in a candle holder called a menorah. This is done to remember an ancient miracle, where one day's worth of oil burned for eight days long in a temple. Hanukkah is celebrated by eating potato pancakes latkes, singing songs, and spinning a top called a dreidel to win prizes like chocolate coins, nuts or raisins.

## International Opportunities

International opportunities are open to everyone! Using a map and some small 'dot' stickers, see where everyone in your unit has been before. You could give each six or patrol a different coloured sticker and see which the most travelled group is. Rainbows and Brownies could just use a map of Europe or even the UK.

Older Guides and Rangers could find out about international opportunities in your local area. County websites are often a good place to start! While researching find out when your county/island and region INTOPS weekend is and how to apply.

## What is GOLD?

GOLD, Guiding Overseas Linked with Development, is an initiative led by Girlguiding WAGGGS and other member organisations. GOLD has been working in partnership with other guiding associations around the world for almost 25 years. Teams of six guiding volunteers aged 18-30 travel to countries around the world to run sustainable guiding development projects.

## New culture

Part of the GOLD experience is learning to work as a team to adapt and survive in a new culture. In some countries partnered with GOLD, people buy their food from local markets rather than big supermarkets.

Set up some market stalls with food and cooking essentials. Give each group some pretend money (monopoly money works well) and allow teams to barter for items to make a Christmas feast of their choice.

Young leaders might like to be in charge of the market stalls. If there is no access to cooking on a fire outside, maybe you could try cooking in your unit's kitchen? Younger girls could have pre-cooked food or things that don't need cooking.

## Make Golden Mocktails

Use the ideas below or make your own up. Add edible glitter for an extra golden sparkle.

- > Golden Margarita - pour 3 tbsp lime juice and 3 tbsp of orange juice over ice, add lemonade. You could sugar the rim of the glass - dip in lemon or lime juice and then in sugar.
- > Golden Pineapple Mojito - crush tinned pineapple in its fruit juice, add mint leaves and a squeeze of lime juice. Pour over ice and top with lemonade. Decorate with lime slices.

**Branding Matters**  
to me

8 Sept 2021, 14:23 (4 days ago)

Hello,

Many thanks for your email and for sharing your Bespoke badge design.

Unfortunately the badge design does not meet branding requirements and needs a few minor changes:

as currently the trefoil is not used as per the Girlguiding branding guidance, see below:-

- The trefoil must be used only in Girlguiding blue (Pantone 2718; RGB breakdown 98R 115G 240B, have a white keyline the outside and be a minimum size of 5mm - please alter, as keyline is black on image

Girlguiding Wiltshire North and South Counties - Please ensure Title case used and trebuchet font.

As they are small changes, I don't need to see an updated image.

Kind Regards  
Ruth
